The Power of Clean

# Freezer Cleaner

- Methanol Based Cleaner
- Economical
- Use in Autoscrubbers (in sub-zero temps only)
- Red Color, Mild Odor
- Meets USDA Performance Standards

A highly effective and powerful cleaner, designed to be used in walk-in freezers and any cold storage areas. It will clean very well without dilution under sub-zero temperatures. Potable water rinse is not required and the used cleaning solution can be removed by wiping or mopping. A wet vacuum or automatic scrubber can also be used under sub-zero temperatures only.

**FREEZER CLEANER** contains special builders and surfactants. It also contains methanol which is flammable. Do not work around flame or spark sources. **FREEZER CLEANER** will not ignite below 60°F, and that means it is absolutely safe to work in coolers and freezers below 60°F.
