## Tips & Tricks

### Removing rubber tire marks;

- Apply Tire Mark Remover to tire marks with a trigger sprayer.
- Allow to dwell for 10 minutes.
- Agitate with brush, floor machine or auto scrubber.
- Scrub floor with Heavy Duty Degreaser using auto scrubber or wet dry vac and pick up solution.

### Severely dirty or greasy floors using double scrub method;

- Dilute Heavy Duty Degreaser 4-6 oz/gallon and fill auto scrubber..
  - First pass: Apply degreaser solution to floor with brushes engaged and squeegee in up position, vacuum off.
  - Second pass: Apply degreaser solution with brushes engaged, squeegee down, vacuuming solution up.
- Note: Do not allow solution to dry on floor, break large areas into smaller manageable sections. If needed, increase dilution of Heavy Duty Degreaser to 10-16 oz/gallon.
